

June 2023

Dear Valued Client,

Earlier this year, ViroMed reached out to you about a planned instrumentation update. We are now pleased to announce full implementation of the Grifols Panther platform for automated donor nucleic acid testing (NAT) of HIV/HCV/HBV, WNV and Zika viruses beginning mid-July 2023. No test numbers will change due to this instrumentation update.

We appreciate the opportunity to serve your testing needs. Please contact ViroMed Account Management at 800-582-0077 or Viromed_Acctmgmt@labcorp.com if you have any questions regarding this update.

Sincerely,

A handwritten signature in black ink that reads "Ajay Grover".
