

February 2025

Dear Valued Client,

Effective February 7, 2025, ViroMed will begin performing enhanced screening to detect weak D antigen as a part of our standard ABO Group/Rho(D) testing (Test No. 139670). Specimens with weak D antigens will be reported as "Rh positive."

This enhanced screening will be performed on all specimens submitted for ABO Group/Rho(D) testing. There will be no additional charges or changes to test numbers.

We appreciate the opportunity to serve your testing needs. Please contact ViroMed Account Management at 800-582-0077 or ViroMed_Acctmgmt@labcorp.com if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Ajay Grover".

Ajay Grover, MS, PhD, BCMAS, HCLD (ABB)
Laboratory Director
